Subject: Declaration of non use of Persistent Organic Pollutants (POPs) covered by Regulation (UE) 2022/2400

POPs, Persistent organic pollutants, such as pesticides and some industry chemicals, which can be transported across international boundaries far from their sources and persist in the environment, bio accumulate through the food web and pose a risk to human health and the environment. The continuous release of POPs into the environment have been of serious concern to European Union since Regulation (EC) No 850/2004 of the European Parliament and of the Council on POPs entered into force in 2004. After being amended several times, the POPs regulation was cast into Regulation (EU) 2019/1021 of the European Parliament and of the Council in 2019.

Almeco S.p.A, has been aware of the responsibilities for protecting the environment and human health. We have always tracked the update of prohibited substances and restricted substances listed in the POPs Regulation. Based on the verified information, we announce, to our best knowledge, our products are in compliance with the POPs Regulation and do not contain substances subject to prohibitions listed in Annex I to Regulation (EU) 2019/1021 and amended by 2020/784/EU and by Regulation 2022/2400/EU which modifies in particular Annexes IV and V of Regulation (EU) 2019/1021 and by the followings:

- Delegated Regulation (UE) 2020/1203
- Delegated Regulation (UE) 2020/1204
- Delegated Regulation (UE) 2021/115
- Delegated Regulation (UE) 2021/277
- Delegated Regulation (UE) 2022/2400

We continue to follow the update of the POPs regulation and ensure the conformity of our products.

For further requests we are at your disposal.

Giovanni Castelli
General Manager
